PEO Sole Employment

Everything your agency needs to know about People PEO Sole Employment – how the rate works, how it compares with umbrella and PEO Joint, your employees' rights at work and how we switch your workers.

ABOUT US

People Group Services is a family-owned business with a long history of providing compliant payroll services to recruitment agencies and their contractors.

Founded by CEO Terry Hillier in 2007 as RACS Group, to give supply teachers a compliant way to be paid, the business grew and became a shining light of compliant payroll within the industry, picking up numerous business awards along the way.

In 2017 the business rebranded with a fresh new look. People Group Services was born, offering a range of enhanced payroll solutions – and nearly 20 years on we remain family-owned, built around people.

OUR SOLUTIONS

People Group Services was created to fit the needs of an ever-changing contingent workforce. Typical payroll solutions have become outdated and no longer provide the experience that a tech savvy market expects. This is where PGS is different.

Broken down between Pay and Compliance, PGS provides a suite of services which create a seamless candidate experience, ensuring complete transparency and a full audit trail visible to recruiters, end-hirers and contractors.

Wrapped up in a simple and coherent package, PGS is the choice of like-minded forward thinkers.

We offer a solution that can fit agency requirements. Our partnership approach means that we will work with you to ensure our products will optimise your business efficiencies and maximise value.

Every route is accredited and compliant, with full supply-chain transparency. Not sure which fits? We'll compare them for you, free and with no obligation.

PEO SOLE EMPLOYMENT

People PAYE employs agency workers directly under a contract of employment and supplies them to your agency. The worker's rate is the headline rate, with employment costs and the PGS margin charged separately to the agency. Simple payslips and no fee to the worker.

Four clear payroll routes – Umbrella, PEO Joint Employment, PEO Sole Employment and CIS.

GUIDE TO PEO SOLE

What is PEO Sole?

PEO stands for Professional Employment Organisation. People PEO Sole is an outsourced PAYE employment and payroll solution developed for the UK recruitment market.

Worker onboarding, assignment administration, statutory payments and clear payroll reporting – in one supported service.

The PEO model originated in the USA, where smaller businesses worked together through a larger organisation to access benefits such as life and medical cover at group rates. People Group Services has led the way in the sector, bringing the model to the UK and modifying it to create a solution that is perfect for the UK market.

With PEO Sole, **People PAYE Limited employs agency workers directly under a contract of employment** and supplies them to your agency. The worker is an employee of People PAYE – not of your agency or the client – and their employment carries on from one assignment to the next.

How does it work?

Put simply, it's outsourced PAYE with some advantageous elements for both recruitment agencies and workers.

STEP 1

PEO Sole starts with the worker's agreed gross rate – the headline rate – set at a level that supports the National Living Wage / NMW and AWR before any worker deductions. This is the figure that appears on the payslip.

STEP 2

People PAYE separately charges the agency for the employment costs – employer's National Insurance, employer's pension, the Growth and Skills Levy[1] and a small provision for statutory pay – plus the PGS margin. These are a business-to-business charge and are never deducted from the worker's agreed rate.

STEP 3

We run payroll daily. PAYE tax, employee National Insurance and any employee pension contribution are deducted, and pay is guaranteed in the worker's account before 9am the following day by Faster Payments.

From the worker's perspective the payslip is much easier to understand: all that is displayed are the deductions they are familiar with. The personal illustration and Key Information Document (KID) set out the full breakdown – resulting in far fewer questions to the agency or the payroll provider, greater transparency and enhanced trust.

[1] Growth and Skills Levy (G&S Levy) – from August 2026 the government's new name for the Apprenticeship Levy. Payslips, Key Information Documents and contracts issued before the change may still call it the Apprenticeship Levy or App Levy.

SIMPLICITY
TRANSPARENCY
EFFICIENCY

> *"People Group protect our brand by providing transparent and efficient solutions like PEO, where no questions need to be asked."*
>
> ***MD, Educated Recruitment***

Why is PEO Sole different from umbrella?

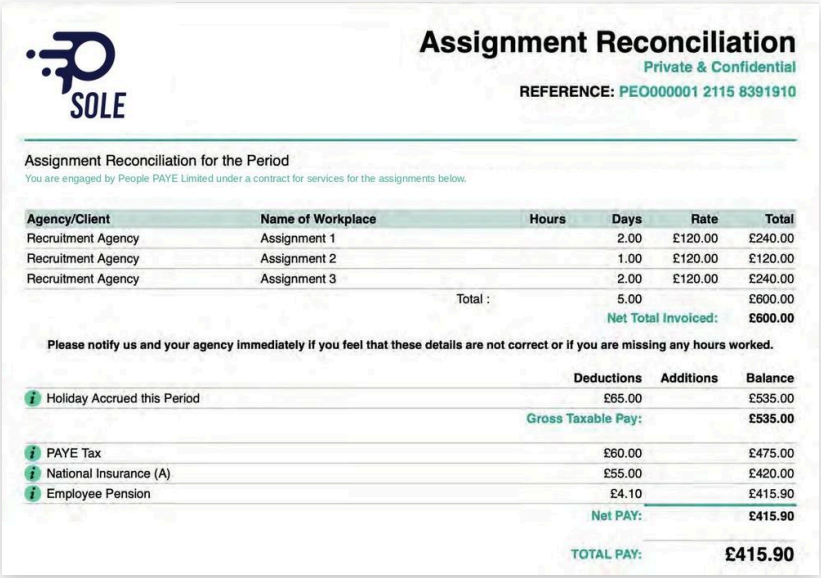

With PEO Sole the worker's rate is the headline rate. Employment costs and the PGS margin are charged to the agency on top, and VAT applies to the invoice in the normal way. The personal illustration and KID set out the full breakdown.

[1] Growth and Skills Levy (G&S Levy) – from August 2026 the government's new name for the Apprenticeship Levy. Payslips, Key Information Documents and contracts issued before the change may still call it the Apprenticeship Levy or App Levy.

Employee Pension	£4.10		£415.90
	Net PAY:		£415.90
	TOTAL PAY:		£415.90

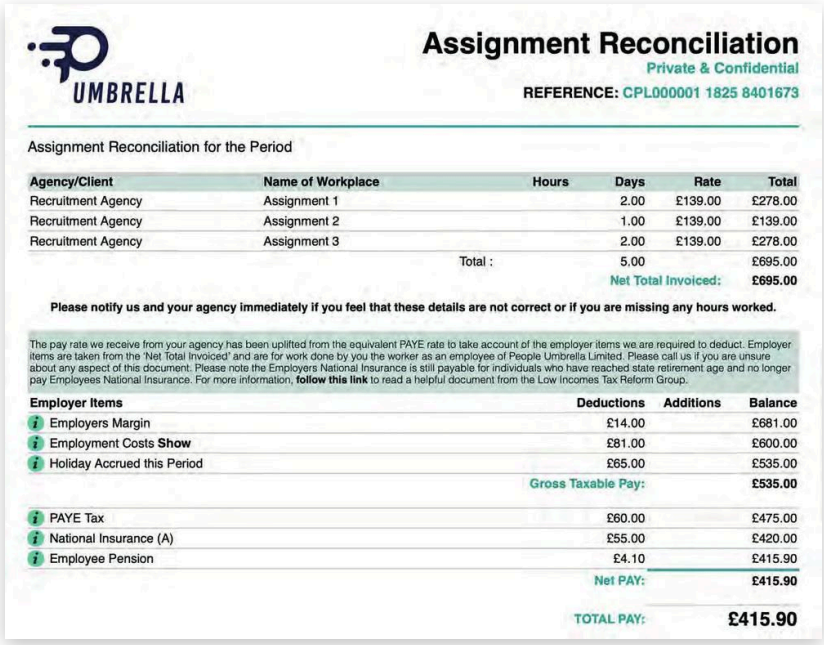

Assignment rate

PEO Sole: £120.00 a day – the worker's own rate

Both assignment reconciliations show the total pay (the worker's gross earnings) to be the same. With PEO Sole the assignment rate **is** the worker's rate: People PAYE invoices the agency separately for the employment costs and margin. The umbrella assignment rate is inflated to account for the employer costs that must be deducted from it.

Please notify us and your agency immediately if you feel that these details are not correct or if you are missing any hours worked.

The pay rate we receive from your agency has been uplifted from the equivalent PAYE rate to take account of the employer items we are required to deduct. Employer items are taken from the 'Net Total Invoiced' and are for work done by you the worker as an employee of People Umbrella Limited. Please call us if you are unsure about any aspect of this document. Please note the Employers National Insurance is still payable for individuals who have reached state retirement age and no longer pay Employees National Insurance. For more information, **follow this link** to read a helpful document from the Low Incomes Tax Reform Group.

The umbrella assignment rate is usually the rate that is advertised, which creates confusion because workers believe it is their actual pay rate – even though their KID should explain all the deductions. With PEO Sole the rate a worker is quoted is the rate on their payslip.

PEO SOLE OR PEO JOINT?

People PEO offers two distinct routes. Both use PAYE, provide access to our benefits package and give workers a simple payslip. The difference is who the employer is – People PAYE alone, or People PAYE and your agency together.

	PEO Sole Employment	PEO Joint Employment
Who employs the worker	People PAYE Limited, under a contract of employment	People PAYE Limited and your agency, as joint employers
Contract with the worker	Contract of employment with People PAYE, and an Assignment Schedule for each assignment	Contract of employment naming both employers
Worker status	Employee of People PAYE – not of the agency	Employee of both joint employers
Rights	Full employee rights, with People PAYE as the employer	Full employee rights
Rate basis	Worker's rate is the headline rate; employment costs and margin charged to the agency	True gross pay is the headline rate; uplift charged to the joint employers
VAT	VAT applies to the invoice in the normal way	Only 1% – 4% of the invoice attracts VAT (VAT Notice 700/34)
Agency's role	Employment business supplying the worker to the hirer	Joint employer sharing day-to-day responsibilities
Employee guide	Your employment rights	Your employment rights

Choose PEO Sole when…

- you want simple outsourced PAYE employment without becoming a joint employer
- workers move between hirers and assignments
- you want the worker's own rate to be the headline rate

Consider PEO Joint when…

- contracts state the agency must be the employer
- you work in a VAT-sensitive sector such as healthcare, education or charities
- you want workers to feel part of your agency

Not sure which route fits? We'll compare them for you, free and with no obligation. Our separate **Guide to PEO Joint Employment** explains the joint route in full.

THE ADVANTAGES OF PEO SOLE...

Guaranteed compliance

One of the many benefits of PEO Sole is its simplicity. It ensures complete transparency for the worker and the assurance of compliance for the agency: set the worker's rate based on the appropriate AWR and minimum wage values, and the employment costs are calculated and charged separately – no difficult-to-estimate deductions from the worker's pay.

Outsourcing the admin burden

People PAYE employs the worker and takes on the payroll and employment administration. You save time and money by avoiding the hidden expenses of running in-house PAYE, including payroll and admin staffing, software, licensing, insurances, statutory costs and legal costs. When comparing these true costs, in-house PAYE is approximately 2% more expensive than outsourced PEO.

Happy workers

Completely free to workers, with a range of benefits that drive satisfaction.

My Wallet

A points-based rewards platform: each time a worker is paid they earn points to spend on the benefits they prefer – learning and qualifications, family activities, food and drink, wellbeing and more. It sits alongside insurance cover up to £10 million, full holiday and statutory pay as standard and work-based pension options.

Anytime Wages

Qualifying workers can request an advance of their wages before payday through a 24/7 automated portal service.

Easily accessible service

Our dedicated Client Care team are available by phone and email, and the 24/7 portal lets workers check payslips, KIDs and documents and update their details at any time.

Agency First Response

Our first response system keeps your agency in line with the rules on when you first issue a Key Information Document. It issues, stores and demonstrates that each document has been passed to the candidate in the correct order – so you pass the first hurdle as an employment business.

Increased worker loyalty

Under PEO Sole the worker is quoted their genuine gross pay rate, not an inflated umbrella rate. The payslip they receive is simpler and much easier to understand, so the level of queries to agencies is dramatically reduced – building loyalty and referrals.

Simple holiday pay process

The portal keeps workers informed of their holiday position in real time and each payslip shows the balance available. Holiday is 5.6 weeks a year, built up as they work (12.07% of hours worked where hours are irregular), and we send reminders throughout the holiday year to book it.

Daily payroll

Daily payroll runs, guaranteed in the worker's account before 9am the following day by Faster Payments, with a text notification in advance of pay.

Positive brand experience

The transparency and simplicity of PEO Sole enhances your candidate's journey with you, which means more protection and positive exposure for your brand. Happier workers = happier clients, growing trust and loyalty in your business.

POWER BEYOND PAYROLL

Lead system and Key Information Documents

Our referral and onboarding platform gives you full visibility of each candidate's registration journey. Refer candidates to PGS in a few clicks and generate Key Information Documents with accurate figures based on the worker's true situation, on or before you supply work-finding services. Candidates receive an online application immediately by SMS and email.

Real-time checking against HMRC

Your workers' PAYE is checked against HMRC in real time, with live RTI per-worker records – and our PAYE and VAT accounts are available to you, so you can see that tax has been paid.

Clear documents for every worker

Contract of employment, Assignment Schedule, personal illustration, KID, itemised payslips and our **Your employment rights** guide – all issued and stored in the worker's 24/7 portal.

YOUR EMPLOYEES' RIGHTS AT WORK

Workers placed through People PEO Sole are employees of People PAYE Limited under a contract of employment. Their employment carries on from one assignment to the next, so continuity of employment builds up, and these rights apply throughout.

Written terms
A contract of employment from day one, with an Assignment Schedule for each assignment. The agency must give a Key Information Document (KID) before agreeing terms.

Minimum pay
At least the National Living Wage – £12.71 an hour at 21+, £13.21 from 1 April 2027 – paid for verified work even if the agency or client has not paid us.

Payslips and illustrations
An itemised payslip and a weekly personal illustration. Employer NI, employer pension and our margin are never deducted from the agreed gross wage.

Paid holiday
5.6 weeks a year (max 28 days) – 12.07% of hours worked if hours are irregular. Holiday year: 1 September – 31 August.

Sick pay and sick leave
Statutory Sick Pay where the employee qualifies, from the first day of sickness: the lower of £123.25 a week or 80% of average weekly earnings. Their job carries on while they are unfit to work.

Family leave and pay
Maternity and adoption leave, and paternity and unpaid parental leave from day one; shared parental, bereavement and neonatal care leave – with statutory pay (£194.32 a week) where the employee qualifies.

Workplace pension
Auto-enrolment into NEST: at least 3% from us and 5% from the employee on qualifying earnings (£6,240–£50,270 a year). Employees can opt in early via the portal.

Working time
A 48-hour average week unless the employee opts out in writing, a 20-minute break on days over six hours and 11 hours' rest between shifts.

Agency worker equal treatment
Day one: the hirer's shared facilities and job vacancies. After 12 weeks in the same role with the same hirer: the same basic pay, hours and holiday as a direct recruit.

Protection at work
Protection from discrimination and harassment – including by clients and customers from 30 October 2026 – from detriment for whistleblowing, and from unfair dismissal once qualified.

Rates are for the 2026/27 tax year unless stated. Employees receive our full **Your employment rights** guide; if the law gives more than the contract or this guide, the law applies.

PAY AND LEAVE

As employees, they have statutory leave as well as statutory pay. Where they qualify they can take the leave and come back, and their employment – and continuity of employment – carries on.

Situation	What the employee is paid	Their employment	Holiday and pension
Working on assignment	Paid the agreed gross wage; employer costs are charged to the agency on top. Gross earnings must never fall below the National Living Wage or National Minimum Wage for the employee's age.	Runs to its end date or until it is ended with notice	Holiday builds up; pension contributions on qualifying earnings
Sickness	Statutory Sick Pay from the first day where the employee qualifies, for up to 28 weeks	Sick leave: their employment carries on while they are unfit to work	Holiday and pension as the law requires
Pregnancy and maternity	Statutory Maternity Pay for up to 39 weeks where the employee qualifies (90% of earnings for the first six weeks)	Up to 52 weeks' maternity leave from day one, with the right to return	Holiday and pension as the law requires during family leave
Paternity, adoption, shared parental	Statutory Paternity, Adoption or Shared Parental Pay where the employee qualifies	Paternity and unpaid parental leave from day one; adoption and shared parental leave as the law allows	As above
Bereavement and neonatal care	Parental Bereavement Pay or Neonatal Care Pay where the employee qualifies	Parental bereavement and neonatal care leave	As above
Holiday	Holiday pay for what has built up (or rolled-up holiday pay if the Schedule says so)	Taken as paid time off	Untaken holiday is paid when employment ends
Between assignments	Pay follows the hours worked; the contract of employment sets out what applies between assignments	Employment carries on, so continuity of employment is kept	Nothing builds up without hours worked

Rights that come with being an employee

- Protection from unfair dismissal after six months' service (from 1 January 2027; two years before then)
- Statutory redundancy pay after two years' service
- Statutory minimum notice after one month's service
- Maternity, paternity, adoption and shared parental leave
- Parental bereavement and neonatal care leave
- Unpaid parental leave and carer's leave
- Time off for dependants

- Bereavement leave (new from April 2027)
- Protection from fire and rehire (from March 2027)

Some rights depend on length of service, which carries across assignments. Statutory pay is paid where the employee qualifies; leave is a right to time off and to come back to work.

WHAT CHANGED IN 2026

The Employment Rights Act 2025 became law on 18 December 2025. As employees of People PAYE, our PEO Sole employees get the changes for workers and those for employees. The Autumn Budget on 28 October 2026 confirmed the April 2027 minimum wage rates.
